RE:

Addendum #2 to the (b) (7)(A) Interview Summary

On November 7, 2001 (b) (6) Nonresponsive based on revised scope contacted (b) (7)(A) by telephone at (b) (6)

(b) (6) This contact was made to clarify how he knew that Eastern Industrial picked up waste at the Jordan Chemical Company and disposed of this waste at the Folcroft Landfill. During the in person interview with me on March 20, 2001 (b) (7)(A) had indicated that although he had never picked up waste at the Jordan Chemical Company, he knew that Eastern Industrial had a contract with Jordan Chemical Company to pick up their waste.

When asked to clarify this statement (b) (7)(A) provided the following.

(b) (7)(A) stated that from about 1950 to 1976 he lived in a house located on the corner of (b) (6)(b) (6)(b) (6)(b) (6)(b) (6) in Folcroft, PA. (b) (7)(A) indicated that Jordan Chemical Company was located at Columbia Avenue and Henderson Boulevard in Folcroft, PA. (b) (7)(A) stated that the Jordan Plant was located directly behind his house and that he had observed Eastern Industrial trucks pick up roll-off containers from the Jordan Chemical Plant. (b) (7)(A) stated that this was occurring in the late 1960s to the early 1970s. He indicated that Eastern Industrial transported all the waste they picked up to the Folcroft Landfill during this time period.

When asked the names of the Eastern Industrial drivers that picked up waste at Jordan Chemical (b) (7)(A) stated that he could not recall specifically but indicated that the following Eastern drivers had routes that would have included the area of the Jordan Chemical Plant.

- Eddie Williams: Deceased
- Howard Ulrick: Lives in the Norewood area.
